ROLE OF OXIDATIVE STRESS AND ANTIOXIDANTS IN MALI...

Fatemeh Taheri

Islamic Azad University Pharmaceutical Sciences
Branch

BOOK DETAILS:

Publisher: Kindle

Publication Date: August 2022

Language: English

Dimensions: 5 x 0.39 x 8 inches

CONTENTS

Chapters:

- 1- Role of Oxidative Stress and Antioxidants in Endocrine and Gastrointestinal Cancers
- 2- Role of Oxidative Stress and Antioxidants in Pediatric Cancers
- 3- Role of Oxidative Stress and Antioxidants in Skin Cancers
- 4- Role of Oxidative Stress and Antioxidants in Breast and Lung Cancers
- 5- Role of Oxidative Stress and Antioxidants in Oral Cancers
- 6- Role of Oxidative Stress and Antioxidants in Head and Neck Cancers
- 7- Role of Oxidative Stress and Antioxidants in Gynecologic Cancers
- 8- Role of Oxidative Stress and Antioxidants in Bone and Soft Tissue Cancers

1- ROLE OF OXIDATIVE STRESS AND ANTIOXIDANTS IN ENDOCRINE AND GASTROINTESTINAL CANCERS

Esophageal Cancers

When compared to other cancers of gastrointestinal system, esophageal cancers (ECs) are less frequent but deadliest which is correlated with 5-year survival ,30%. It is the sixth most prevalent type of cancer and sixth most prevalent cause of mortality among all cancer types. EC predominantly impact advanced age groups with a peak incidence between 60 and 70 years of age and a male predominance (M/ F: 4/1).

It has been reported that squamous cell carcinoma (SCC) accounts approximately 60% of all ECs. Other types of malignancies are adenocarcinoma, sarcoma, lymphoma, and malignant melanoma etc. However, there is an increasing trend in the incidence of adenocarcinoma multifactorial pathogenesis including environmental factors;
